Ultra-slim high-end keyboard with mechanical switches

The CHERRY KW X ULP combines all the advantages of a mechanical keyboard with the aesthetics of modern slimline devices. Equipped with state-of-the-art connectivity, a rechargeable battery and high-quality materials, the result is a unique premium product.

At the heart of the incredibly slim keyboard are the CHERRY MX Ultra Low Profile switches, which are exclusively manufactured in Germany. The consequence is an extremely low profile, absolute precision and an incomparable typing feel. Finally, you can type on a mechanical wireless keyboard that is as slim as only keyboards with scissor technology have been up until now. Enjoy anti-ghosting and full-N key rollover, coupled with high switching reliability and a lifespan of up to 50 million strokes per key. Whether you use the CHERRY KW X ULP in the office or for gaming, as a frequent typist or programmer, this keyboard is ideal for any requirements!

For maximum flexibility, four channels allow you to connect multiple devices simultaneously. Switch between the wireless radio connection to the USB receiver, two Bluetooth 5.2 channels or cable mode at the touch of a button. For example, you can operate a PC, a laptop, a tablet and a game console – three of them wirelessly – with just one keyboard. Color LEDs in the keys show you which device you are currently connected to.

All the other keys also have integrated LEDs. The white key illumination can be dimmed in 10 levels or turned off completely. Status keys such as Channels 1-4, CAPS LOCK, NUM LOCK, SCROLL LOCK, WIN and FN have an additional color LED. This way, each key tells you whether its associated function is activated. There is even an RGB LED under the CHERRY key that shows you the battery status during charging. With a full charge, you can work for several weeks, depending on the selected illumination and mode of operation.

Whether wireless or wired, in the office or at home, the KW X ULP Mechanical Keyboard sets new standards and ushers in a new era. Find out how we have succeeded in combining the advantages of mechanical switches and ultra-slim design in one and the same keyboard.

Decisive advantages

- CHERRY MX ultra-low profile switches – made in Germany
- Connection via 2.4 GHz radio, Bluetooth 5.2 or USB cable
- White illumination with additional color LEDs for status keys
- Rechargeable via USB-C port
- Slim design with anodized and milled aluminum plate
- Extra-small nano receiver for wireless operation
- Durable key labels
- Three fold-out feet for tilt adjustment
- AES-128 encryption

Wireless Mechanical Keyboard

Technical specifications

Layout (country or language):

Depends on product, see "Models" table

Housing color:

Black

Weight (product):

approx. 640 g

Total weight (with packaging):

approx. 933 g

Storage temperature:

-20 °C to 65 °C, max. 85% humidity

Operating temperature:

0 °C to 50 °C, max. 85% humidity

Power input:

max. 500 mA

Connection:

USB

Product approvals:

- CE
- FCC
- EU RoHS
- China RoHS
- UKCA
- Windows hardware compatibility

System requirements:

USB port (type A)

Bluetooth 5.2

Windows 11, 10, 8 or 7

Scope of delivery:

- Keyboard
- Receiver
- USB-A / USB-C cable
- Operating instructions

Cable length:

1.5 meters

Product dimensions:

Keyboard: approx. 440 x 133 x 16 mm (feet folded in)

approx. 440 x 133 x 20 mm (feet folded out)

Packaging dimensions:

approx. 460 x 176 x 35 mm

Keyboard:

- Key technology: MX Ultra Low Profile
- Fold-out feet

Packaging unit:

Number of products in outer package: 6

Number of outer packages per pallet: 49

Warranty:

We put a lot of dedication and hard work into the development of our products and we are proud of their quality. This is why, in addition to the statutory guarantee mentioned in the operating instructions, we are granting an expanded manufacturer's guarantee that is subject to the conditions stated below. For the first two years after delivery, the statutory warranty applies. In the third year after delivery, CHERRY voluntarily grants an additional warranty according to the following conditions ("extended warranty"). In the event of a defect, please contact the seller of your CHERRY product. Do not carry out any repairs on your own and do not open the product. There is no warranty if unauthorized changes to the product cause a defect.

Conditions for the extended warranty

In the case of a defect after the first 2 years after delivery of the CHERRY product, CHERRY grants its customers for the additional period of one year the right to assert claims for cure, i.e. demand that the defect is remedied or a thing free of defects is supplied. The extended warranty is to be asserted against the seller of the CHERRY product upon presentation of the original invoice, proof of purchase or a comparable proof of the time of purchase. CHERRY, and the seller of the CHERRY product, where applicable, shall remedy the defect in the event the customer has justified claims for cure under the terms of the extended warranty. Excluded from the extended warranty are damages caused by improper use, in particular by the effects of chemical substances, other damages caused by external influences, as well as normal wear and tear and optical changes, in particular discoloration or abrasion of shiny areas. Also excluded from the extended warranty are accessories and other parts which are not an integral part of the purchased item.

Errors, technical changes and delivery possibilities excepted. Technical information refers only to the specifications of the products. Features may differ from the information provided.
